# Office Memorandum • UNITED STATES GOVERNMENT

TO : ICAPS/ Army Member  
Via Exec Director, Director  
FROM : Asst Director, OCD  
SUBJECT: Liaison with Army.

DATE: 10 July 1948

Believe this is a step in the right direction.  
[redacted] tells me that Col Ennis was manifestly delighted to receive these papers from him, (advance sheets of the NEA section of the Weekly Summary), and we have established the precedent of using our Liaison Officer for direct contacts on the working level.

This should speed up our liaison, by avoiding formal channels, and it serves to bring the working-level liaison under the surveillance of the Liaison Officer, thus improving security.

[redacted]
